

# X SERIES 19' to 27' FOLDING PULVERIZERS

The "X" Series Pulverizers fold to an X configuration with transport heights under 7'10" depending on model. The automatic transport lock secures the machine when in transport and is automatically activated by the hydraulic system without operator assistance. Folded transport width is only 10'1". Drawbar length is 153" to reduce turning radius in the field. **Ductile Iron wheels and Optimizer wheels carry a 5-year limited warranty against breakage.** 4 - 9.5L x 15 6 Ply tires, safety lights, wing lift and transport cylinders are included. Hoses are included up to hitch point. **\*5K-983 Weight Kit recommended on 21' and 23' Notched Ductile Iron Models.** Approximate Set Up Time: 10 hours. Drawbar Horsepower Requirements: 1 HP per foot of width.
