

38' to 46' FOLDING PULVERIZERS

XXL MODEL WITH AUTOMATIC TRANSPORT LOCK

The "XXL" Series Pulverizers fold to an X configuration with transport heights under 8'9" depending on model. The automatic transport lock secures the machine when in transport and is automatically activated by the hydraulic system without operator assistance. Folded transport width is only 16'9". Drawbar length telescopes from 13'11" to 19'1" to reduce turning radius in the field. **Ductile Iron wheels and Optimizer wheels carry a 5-year limited warranty against breakage.** Safety lights, wing lift and transport cylinders and 4 - 11L x 15 8 Ply Tires are included. Hoses included up to hitch point. Approximate Set Up Time: 10 hours. Drawbar Horsepower Requirements: 1 HP per foot of width.
